

K-LOVE serves me in my local community by providing family friendly programming. K-LOVE encourages me and my family with their positive, encouraging programming and music. K-LOVE has only been broadcasting to Longmont for 3 years or so. Before they were here, it was very difficult and frustrating to find music on the radio that promoted that same values that our family has. I would be so disappointed to lose K-LOVE. I am truly touched by this station. I believe that K-LOVE's service to our community is in the public's best interest. It would be difficult for a local station to afford to broadcast such quality programming and music. Please allow K-LOVE to continue broadcasting to Longmont, Colorado!
